3. Notice the tool bar at the top of the window now

4. Click 'Add Sound' and use your cursor to create a rectangular region where you would like the audio icon to appear on the pdf document

Note: I would make the rectangular region fairly large, as this is where all the audio controls (e.g., play, pause, volume control, etc.) will be for the student

5. As soon as you select the rectangular region, you will be prompted to 'Insert Sound'
